"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ". "TIZ" draws out all the poisonous exudations which inflame the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your feet; "TIZ" troubles no foot; "TIZ" never limps or draws up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Get a 25 cent box at any drug or department store, and get relief.

MR. MARSHALL WILL LEAVE OFFICE OF SECRETARY

Retires on Thursday After Serving the City Most Acceptably for Three Years. The Greenwood Journal? Mr. S. Brooks Marshall will retire as secretary of the chamber of commerce on Thursday, December 31st. He asked to be relieved of his duties the early part of this week, having advised President Baker of his intentions, but as yet the president has had sufficient time in which to make arrangements to carry on the work. Mr. Marshall states that for the present he will look after his farming interest. Mr. Marshall resigned his position to take effect the first of last July, but the directors persuaded him to continue his work, so satisfactory had it been, and he consented to remain. This time, however, he states that he has definitely decided to give up the position. Mr. Marshall is one of the most efficient commercial secretaries in the State and has done much for Greenwood since he took charge of the office about three years ago. There will be general regret that he has resigned. President Baker, who has been visiting in Gallego for several days will return to the city tonight. Some action will probably be taken on Mr. Marshall's resignation tomorrow.

Committee

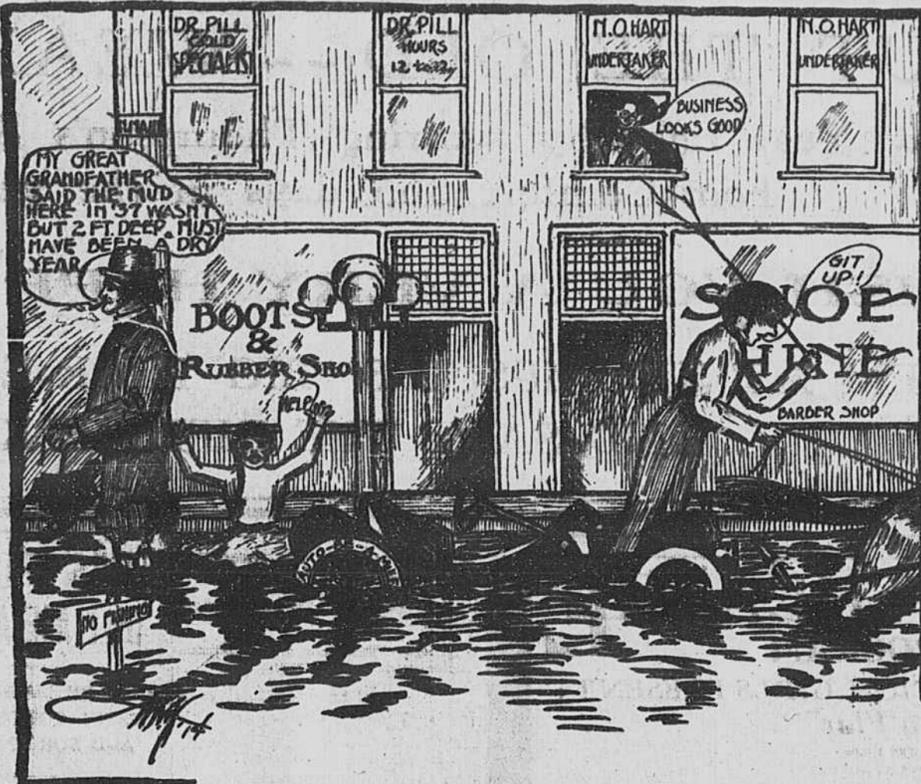

On General Relief Will Meet This Evening in City Council Chamber.

Mayor Godfrey yesterday issued a call for a meeting at 7:30 o'clock this evening, in the city council chamber, of the general committee appointed for the purpose of devising ways and means of relieving distress among families of Anderson who have been hard hit on account of the general business depression.

The mayor stated that no letter will be addressed to the members of the committee but that they will be asked to consider the notices in the newspapers as the official call for the meeting.

The general committee is composed of the following:

E. W. Brown, W. J. Muldrow and W. A. Speer of the First Presbyterian church; G. Cullen Sullivan and Porter A. Whaley of Grace Episcopal church; F. A. Cook and J. L. Brownlee of the A. R. P. church; F. J. White, W. H. Pennell and Amos Heaton of Bethel Methodist church; J. L. Sheard and John K. Hood of the Central Presbyterian church; H. A. Powell and R. W. Carter of the city council, and Dr. W. Frank Ashmore, city physician.

PHULE QUESTION No. 1,627,237 1/3: "DOES ANDERSON NEED PAVED STREETS?"

BUT ONE BRIDGE WAS DAMAGED BY FRESHET

SPEAKS WELL FOR CLASS OF WORK DONE BY COMMISSIONERS

REPAIRS MADE

Bridge on Three and Twenty Creek Near Asbury Church Was Slightly Damaged.

The recent heavy and prolonged rains in this community damaged only one bridge in Anderson county, so far as the supervisor's office has been able to learn. This bridge is the one over Three and Twenty Creek, in the vicinity of Asbury church. It is reported that the bridge was not washed away but merely damaged and rendered impassable. Supervisor J. Mack King stated yesterday that he had instructed Captain Carl Mcconell of the chalmers camp at Pendleton to repair the damage.

That the rains of last week and the week before did not damage more than one bridge in this county speaks mightily well for the thoroughness with which the supervisor's forces construct and maintain them.

Practically all roads of the county are in bad shape as a result of the protracted rains, but this is due to no fault of the supervisor's office. Anderson county roads are in as good shape now as the roads of any other county where rains have fallen as they have in Anderson during the past few weeks.

Supervisor King suggests that when the roads have dried sufficiently lead owners and others living along the public highways get in some timely work with split log drags. As generally known, the county furnishes road drags to those who will promise to use them.

Senator Fletcher and Mr. Rhett Cannot Address Chamber of Commerce.

Letters received at the chamber of commerce yesterday, from United States Senator Duncan D. Fletcher, of Florida, and former mayor R. C. Rhett of Charleston, president of the Peoples National Bank of Charleston and a director of the national chamber of commerce, stated that these gentlemen found it impossible to accept the invitations to address the chamber of commerce of this city at the annual meeting-banquet to be held some time between January 15 and 20.

Senator Fletcher, who is president of the Southern Commercial Congress and who was chairman of a commission sent abroad two years ago by the United States government for the purpose of making a study of agricultural institutions and methods of some twelve or more European countries, Mr. Rhett and other prominent men were appealed to to come to Anderson and address the chamber of commerce at the annual meeting next month. Senator Fletcher and Mr. Rhett are the only ones heard from so far.

DRY GOODS.

NEW YORK, Dec. 30.—Cotton goods were quiet but steady today. Yarns were quiet. Worsted yarns were more active. Wool sergees for the fall of 1915 were being sold from stock without advance. Barlays were active and higher.

FUNDS NEEDED FOR Y. M. C. A. OBTAINED BY CLEMSON

College Will Expend \$75,000 in Construction and Equipment of Young Men's Christian Association Building—Announcement Made by President Riggs Following Meeting of Finance Committee of Trustees.

(From the Columbia Record.) That all funds necessary to obtain a gift of \$50,000 from John D. Rockefeller toward the construction of a \$75,000 Young Men's Christian Association building at Clemson College have been obtained was announced Tuesday by Dr. W. M. Riggs, president of the board of trustees. The board of trustees, appropriated \$15,000 last summer before the period of business depression began in this State, and requested the Young Men's Christian Association to raise the remaining \$10,000 necessary to meet the requirements of Mr. Rockefeller's offer.

Following the action of the board of trustees, the Clemson College Young Men's Association began a canvass for a large part of the \$10,000 being secured. When the business depression began, and it was found that the farmers of this State would probably be unable to meet payment of their subscriptions, the association took action that resulted in the conclusion being reached that another canvass would be necessary.

A second canvass was begun two weeks ago after Dr. Riggs informed the Young Men's Christian Association and alumni association that immediate action would be necessary. This canvass resulted in the amount needed being pledged, according to Dr. Riggs' statement. Because of the provision in the offer that Mr. Rockefeller would be unwilling to pay the \$50,000 unless the college raised their portion before January 1, 1915, this immediate action was imperative.

Mr. Rockefeller will be advised by the college authorities of the raising of the \$25,000 to supplement his gift. Dr. Riggs did not state when the institution expected to have placed to the credit of the Clemson Young Men's Christian Association the amount of Mr. Rockefeller's gift.

Plans for the construction of this building have been completed, and a detailed description furnished the college authorities by R. E. Lee, architect, according to printed information given out by Dr. Riggs. The building will be two stories in height, and will be situated just north of the textile school building of the college, facing east. Description of the building furnished by the architect, in part, states:

"The preparation of this site is a part of the scheme for the development of a large athletic field. This work is nearing completion and the immense fill that has been made along this front is 15 higher than the ground in the rear, which will give ample height for an excellent basement, well lighted from the both sides and rear.

"The building is to be of Italian Renaissance style of architecture, of light gray brick, with colored tile accents, terra cotta trimmings and red roof. The interior finish will be of yellow pine. It is to be two stories in height, with basement and mezzanine floor. It will be heated by steam and lighted by electricity. The cost of the building, with its equipment, will be \$75,000."

Dr. Riggs, as president of Clemson College, expressed particular pleasure that the institution was placed in a position where a building of this value

BIG CONTRACT FOR PAINTING AWARDED

ANDERSON FIRM WILL FURNISH MATERIAL FOR NEW THEATRE

ALSO DO WORK

Contract for Decorating Is Also Awarded Firm of This City.

Anderson people who believe in patronizing home industries will be pleased to learn that the contract for furnishing the paint and doing the painting and decorating for the new Anderson theatre has been awarded to the C. M. Guest Paint Company of this city. The contract for the material and work was closed yesterday afternoon at 2 o'clock between Judge J. S. Fowler, president of the Anderson Development Company, and C. M. Guest of the paint concern.

In awarding the contract for the decorating of the interior of the theatre there is another instance of patronizing home industries, for Mr. Guest has engaged the H. D. Goss Company to do this work. This means that the one thousand or more dollars which will be expended for this work will be kept in Anderson.

It is probable that the work of painting will begin this week. It is estimated that from ten days to two weeks will be required to complete the plain work. Just how long it will take to do the decorating work, is not known.

There are to be five large free-hand drawings among the decorating work and a considerable amount of stencil and border work. The interior of the theatre will be finished in old rose and gold. It is estimated that it will take between 250 and 300 gallons of paint to do the work.

Work upon the new structure is now being pushed with all possible speed consistent with good service. Carpenters are working both day and night getting the interior of the building ready for use by the early part of February.

"ARE AGIN IT?"

Proposed Suffrage Amendment Will Be Badly Defeated.

WASHINGTON, Dec. 30.—The proposed woman suffrage amendment will be voted on in the house between January 10 and 15, according to announcement today by Chairman Henry of the rules committee. He told a delegation of suffragists that his committee was ready to present the rule for consideration, but reiterated his purpose to oppose the proposal and said he believed the Democrats would line up almost solidly against it. He predicted it would be defeated by a two-thirds vote.

Mrs. John H. Buck, chairman of the executive committee of the Connecticut Association Opposed to Woman Suffrage, submitted a protest against passage of the amendment. "It is in the power of every State that wants woman suffrage to have it," the protest said, "and within a few months, Arkansas, Connecticut, Delaware, Florida, Maine, New Jersey, Michigan, Minnesota, Mississippi, Nebraska, New Hampshire, North and South Dakota, Ohio, South Carolina, West Virginia and Wisconsin have defeated the measure. In Connecticut a suffrage bill has been defeated for 44 consecutive years."

Advertisement for Cardui The Woman's Tonic. It Always Helps. Says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. "Before I began to use Cardui, my back and head would 'give' so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I actually gained 35 pounds, and now I do all my housework, as well as run a big water mill. I wish every suffering woman would give Cardui a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years. Get a Bottle Today!

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and sulphur for darkening gray, streaked, and faded hair is grandmother's treat, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 16 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, it prevents dandruff itching scalp and falling hair.
